Wear face masks, keep guard up: DC

Most people in Mysuru have given up wearing masks; District prepared to tackle fourth wave

A section of the audience without masks at an event in the city this morning. While some are following guidelines, a majority of the population are not.

Mysuru, Apr. 21 (RK&BCT)- Amid growing COVID infections in New Delhi, masks are back, weeks after their use was made voluntary. The national capital authorities said that wearing masks is mandatory and violations would attract a fine of Rs. 500.

While the mask rule is being strictly enforced in Delhi, most of the people of Mysuru have given up wearing masks, thinking that the pandemic is over. Even at events held in closed auditoriums, people are not wearing masks. Concerned about this trend, Mysuru Deputy Commissioner (DC) Dr. Bagadi Gautham has urged all to wear masks, especially in public places.

Speaking to *Star of Mysore* this morning, he said that people have been taking the pandemic lightly and the fear has gone. "Whenever there's no visibility of COVID cases, people get the impression that the pandemic is over. This is an incorrect conclusion to draw. Even if the rule is not enforced in Mysuru, we still advise people to keep masking on public transportation and in other crowded indoor areas, even if others around them aren't wearing them," he said.

"If the administration decides to reinforce the mask rule, there will be panic. As such, we have not enforced it. However, we are keeping a close watch and even if the virus surfaces like in Bengaluru, we will have to be strict and the rule will be back," he said.

EDITOR'S BOTTOMLINE

Summer holidays at grandma's place would start with a fight with cousins over drawing water from the well followed by the lighting up the firewood to prepare warm water for a bath. There were deals too... as a trip to the vegetable market meant we get to sit on the bank of Kaveri, with little fish nibbling our feet. Watering the backyard aided us in providing a cool ground to play hide-and-seek.

An everyday array of interesting mouthwatering snacks served on plantain leaves based on special requests by grandchildren was something to look forward to. Yummy ladoos to steaming hot bajjis, the tongue savoured them all without guilt.

Nighttime rituals from spreading the mattresses to passing the pillows to their destination everything became a game. We even had spectators, as hundreds of gods and ancestors, watching us eagerly leaving very little space on walls for the lizards to snoop. When tasks become a play, anything is possible. They may be small pleasures but are truly precious.

As adults, we overlook these simple joys and worry about what is to come. Life is filled with uncertainties. Enjoy the little things, for they surely lighten the heart.

Massive alligator interrupts golf

Florida: A group of golfers at a Florida course temporarily halted their game when a massive alligator went for a stroll across the fairway.

Lisa Reed said she and her group were playing at Stoneybrook Golf Club in Estero when the huge reptile sauntered into the play area. "This is a first," a member of Reed's party can be heard saying in the footage. "Oh my goodness." The alligator got close to a ball on the fairway, but ended up ignoring it and moving along. The alligator, apparently named "Goliath," was seen eating a turtle on Thursday morning at the Myakka Pines Golf Course in Englewood, Florida,.

A large alligator was previously caught on camera taking a stroll through a Venice, Fla., neighbourhood on Easter Sunday. The gator passed through multiple yards on its way to Harrington Lake.

His tongue circumference earns record

Michigan: A Michigan man was awarded a Guinness World Record when the circumference of his tongue was officially measured at 4.8 inches. Dante Barnes of Battle Creek said he first realized his tongue might be unusual when he watched a video online of someone measuring their own tongue and decided to give it a try.

"Social media has reacted crazy to my tongue. I've posted a few videos and each one has gotten millions upon millions of views. One is up to 63 million and multiple are over 20 million," Barnes told Guinness World Records.

Barnes' tongue circumference was officially measured at 4.8 inches -- roughly the same size as a ping pong ball. He said the muscle doesn't give him any trouble during normal tasks. "It just feels like my tongue. I'm able to flex it like any other muscle, like moving your fingers or lifting a weight," he said.

VOICE OF THE READER

Plea to repair pothole-ridden

Vijayanagar High Tension Double Road

Sir,

This is to draw the attention of the authorities concerned and MLA L. Nagendra towards the bad state of the road from Vijayanagar Water Tank towards Trinetra Circle and from SBI up to Ring Road. Also the road from Sangam Circle to Krishnadevaraya Circle and upto Podar School.

These roads are ever busy and the motorists need to go zigzag to avoid the potholes which may result in hitting persons who are walking by the side of the road. Moreover, if you ride a two-wheeler definitely you will have lower back pain.

Hence, I request the authorities to get these potholes filled, roads repaired/ asphalted as soon as possible so that motorists can have safe and smooth ride sans accidents.

It is also to bring to the kind attention of the concerned that in some of the Main and Cross Roads where road humps are provided, there is no proper marking (white stripe marking) to know that there is a road hump.

In the absence of such markings, during night time it is very difficult to see the hump. This may result in accidents, particularly for two-wheeler riders if they suddenly apply brake after seeing the hump. The concerned may look into this problem also and advise the Department to provide proper marking on road humps.

Ghastly accident snuffs out seven lives near Hunsur

Two seriously injured admitted to a hospital in Mysuru

Santosh

Vinuth

Babu

Anil

Dayanand

Rajesh

Hunsur, Apr. 21 (Raghu, Mahesh & KS)- Six persons were killed on the spot, while another succumbed at a hospital, when the Bolero vehicle in which they were travelling rammed into a roadside tree, after the person behind the wheels lost control of the vehicle near Arasu Kallahalli on Hunsur-Virajpet Road yesterday afternoon.

The deceased have been identified as Santosh (47), son of Balakrishna, Vinuth (33), son of Balappa, Dayanand (40), son of Sankappa Rai, Anil (44), son of Raghav, Babu (47), son of Gopal, Rajesh (43), son of Somu and Philip (65-photo unavailable), all residents of Polibetta in Virajpet taluk.

Those injured are 22-year-old Keerthana, daughter of Sundar and Shanthi couple and 14-year-old Angel, daughter of Samson and Koji couple. They are undergoing treatment in an ICU at a private hospital in Mysuru.

It is learnt that all the occupants of the Bolero vehicle were residents of the same locality in Polibetta and were friends.

Details: Yesterday morning, all the nine persons had come to Hunsur in the Bolero vehicle (KA-03-MC-6455) to attend the wedding ceremony of Polibetta resident Sadananda with Jayakumari of Hunsur, which was held at a Convention Hall on Hunsur Bypass Road.

After attending the wedding, they left for Polibetta and when the vehicle was proceeding near Arasu Kallahalli on Hunsur-Virajpet Road (about 7 kilometres from Hunsur) in the afternoon, Santosh, who was behind the wheels, lost control of the vehicle and rammed into a roadside tree killing six persons on the spot and injuring three others.

Philip, Keerthana and Angel, who were seated on the rear seat, suffered serious injuries and were rushed to Hunsur General Hospital, where they were provided first-aid and were later shifted to a hospital in Mysuru, where Philip succumbed to injuries.

As a huge branch of the roadside tree penetrated into the vehicle after smashing the front glass, the six persons seated on the front and middle seat were killed on the spot and the Police, with the help of public, had to cut the branch to separate it from the vehicle. Bodies were removed from the vehicle and were shifted to Hunsur General Hospital Mortuary.

Superintendent of Police (SP) R. Chethan, Additional SP Shivakumar and staff of Hunsur Rural Police Station visited the spot and a case has been registered at Hunsur Rural Police Station.

Promising Bank job

One arrested for cheating youth of Rs. 6.5 lakh

Mysuru, Apr. 21 (GA&KS)- The Cyber, Economic and Narcotics (CEN) Crime Police have arrested a person for cheating a youth of Rs. 6.5 lakh by promising him a job at a bank.

The youth, identified as Chethan Kumar of city, who was searing for a job, was accosted by the accused, who promised him a job of an accountant at a bank and had got a total of Rs. 6.5 lakh transferred to four bank accounts.

As the accused failed to keep up his promise, Chethan, on Oct. 6, 2021, had lodged a complaint at the CEN Police Station.

Inspector Shabeer Hussain, who had registered a case, led a team comprising staff S. Manjunath, B.V. Manjunath and H.V. Rangaswamy, traced the accused through mobile phone location and arrested him in Shivamogga on Apr. 15.

During interrogation, the Police came to know that the accused had a case registered at the CEN Police Station in Haveri and was out on bail.

The Police have recovered Rs. 1.40 lakh cash, one mobile phone, 13.15 gram gold earring, 13.40 gram gold chain and various documents from the accused.

Abracadabra... Abracadabra...

By K.B. Ganapathy

Government must have 'human face': Ask Dr. Manmohan Singh

A few days back, I read what is generally known in journalistic parlance as 'human interest' story in *News Trail*, titled ***'Orissa High Court orders reinstatement of physically challenged teacher'*** or what we call 'differently-abled' teacher.

The name of the teacher is Santosh Kumar Padhi. He had earlier served at a school (Kokodaguda) for three years as a helper *(Sikshya Sahayak)*. The school is located in Nabarangpur district of Orissa.

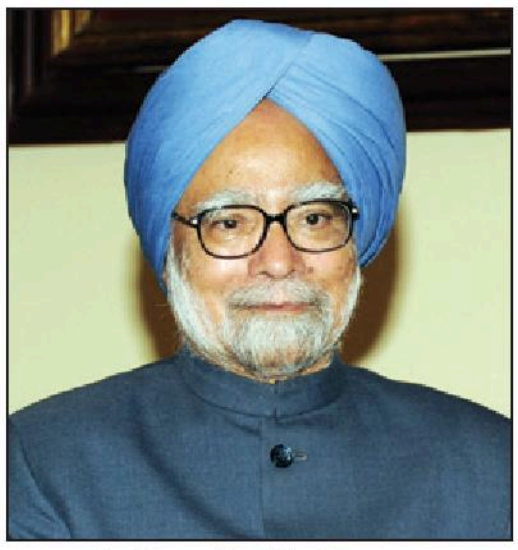
He was later appointed as a Junior Teacher in the same school with effect from April 28, 2014. However, he was 'disengaged' from service on February 5, 2018. Santosh Kumar Padhi then moved the High Court challenging the removal order.

The High Court passed the order on April 5, 2022, saying that 'disengagement' of the petitioner from service is unsustainable in the eye of law and quashed the order.

The judgment passed by **Justice S.K. Mishra** was tempered with so much of mercy that he directed not only the reinstatement of the teacher in service, he also ordered payment of full back wages and all other service benefits with effect from the date of Padhi's disengagement. More importantly, the Judge's order must be implemented within a period of four weeks.

This order relating to the time-bound payment of service benefits is specifically passed, probably because, as we all know, the bureaucrats habitually delay implementing any such orders for one reason or the other. We call it bureaucratic 'red tape.' Apparently, the learned, wise and compassionate Judge knew about the mindset and waywardness of the bureaucrats, no matter the beneficiary is a physically challenged person.

The school authorities had raised an objection (after so many years) against the Disability Certificate, saying that it is not in the proper statutory form. However, the school authorities had overlooked the fact that the content of the said certificate was proved to be correct. **The kind Judge had observed "Mere technicality cannot stand on the way of conferring appropriate benefits on the person concerned."**



Dr. Manmohan Singh

Picture for representation only.

The officer, who was the cause for Santosh Kumar Padhi's troubles, was the State Commissioner for Persons with Disabilities. Wonder how many more differently-abled persons like Padhi must have suffered under this bureaucrat.

The Judge is so gentle and humane, that he observes "obviously the teacher cannot be blamed for the same (disability)." Padhi was subjected to test by the Medical Board twice and on both the occasions found the disability as the reality.

What the Judge Justice S.K. Mishra said further should be an eye opener to all Government officials and elected representatives and, of course, the Ministers. Justice Mishra said according to the report: **"It must be kept in mind that the State is supposed to be a model employer and as such cannot be allowed to take actions that are arbitrary and not countenance in law."**

As I read this report, I was reminded of what our former Prime Minister Dr. Manmohan Singh said as the Prime Minister. He assured the nation that **"My Government will have a human face."** Of course, that assurance evaporated in thin air. He also had a second term in 2009 and his term ended in disaster for other reasons.

The report about this differently-abled teacher clearly shows the 'human face' of the judiciary while we could not find the 'human face' in the Government as promised by the then Prime Minister himself.

It is interesting to know the chronology of Santosh Kumar Padhi's timeline-of-service in that school. He joined the school as *Sikshya Sahayak* on Apr. 29, 2011, during the Prime Ministership of Dr. Manmohan Singh, who spoke of 'human face' in administration.

That 'human face' continued to work its magic on Apr. 28, 2014 (Dr. Manmohan Singh was still the PM), when Padhi was appointed as a Junior Teacher in the same school.

However, paradoxically, Padhi was disengaged on February 5, 2018, when Narendra Modi was the Prime Minister. Whatever happened to the 'human face'? Probably the bureaucracy thought that the 'human face' concept applied only to the period of the then Prime Minister Dr. Manmohan Singh's Government and did not apply to Narendra Modi's Government!

However, luckily for Padhi, Justice S.K. Mishra was there to uphold the principle of 'human face' in administration.

This kind of incidents take us to a more serious question of the availability of legal protection to bureaucracy even when they make mistakes, knowingly or unknowingly, for reasons of corruption or vengeance.

When a citizen feels that he is unjustly treated by a Government Officer and reacts in an abusive or violent or resentful manner, there is protection to the Officer under the law. The Officer can file a Police complaint against the citizen-victim on the ground of **obstructing a Government servant from discharging his duty.**

Interestingly, today's *Deccan Herald* carries a news item which says that a local Court in Mangalore has sentenced farmer Sai Giridhara Rai of Sullia taluk for two years of simple imprisonment under IPC Section 353 (for deterring public servant from discharging his duty) and other relevant sections.

The reason for conviction is that the farmer Sai Giridhara Rai had expressed his anger over frequent load shedding and low voltage at the then Energy Minister D.K. Shivakumar over the phone. Beware of Government servants and Ministers.

If a Government Officer makes a mistake in his decision or action, he takes cover under the plea that it was a *bona fide* mistake.

This brings me to that noble precept engraved on the massive granite facade of our Vidhana Soudha, the Legislative Assembly building. The wordings are: "Government's Work is God's work" *(ಸರ್ಕಾರದ ಕೆಲಸ ದೇವರ ಕೆಲಸ)*. Really?

Tailpiece: *A news item in Deccan Herald titled "Top Court questions undue sympathy to delinquent officer" is also about the 'sympathy' these Government servants get from various constitutional and government quarters. We have some Soloman-like Judges and Officers to deal with these delinquent officers, but their number is negligible.*

Wear face masks

(Continued from page 1)

A doctor himself, DC Dr. Bagadi Gautham said that people at high risk for severe COVID-19 — including those who are immunocompromised or have chronic conditions — must keep wearing a high-quality mask. "If one person is unmasked and freely exhaling germs, the burden of protection is all on the other person's mask. Masks are designed to filter out almost all particles, making them the best and most protective options," he added.

Fourth wave threat

On the District Administration's preparedness in case the infection rate rises, the DC said that when the third wave hit Mysuru, the entire administration geared up within 48 to 72 hours and COVID Care Centre (CCC) was opened at Karnataka State Open University (KSOU) near Mandakalli on Mysuru-Nanjangud Road.

"We are prepared now also and hospitals, equipment, ventilator, oxygen and other requirements are set. Even if the cases surface suddenly, hospitals are ready with beds and other infrastructure. We are self-sufficient in oxygen as we have both oxygen-generating plants and storage plants," he added.

Only in Delhi now

In Bengaluru, Karnataka Health Minister Dr. K. Sudhakar said, "All screening measures required at the Kempegowda International Airport are in place. In the previous three waves, as soon as a spike was observed in Delhi and other states, it was followed by a spike in Karnataka. That is why we need to keep our guard up. But the fourth wave hasn't begun in Karnataka yet."

Asked if COVID curbs will be introduced gradually in a phasewise manner, he said it was difficult to comment on the same at this stage. "Mask usage is the bare minimum that the public can abide by. There's no inconvenience caused to people in following it," he said.

Jatha tomorrow

Greater Mysuru to enable faster area connectivity

Differences with miffed MLAs over piped gas project sorted out: MP Pratap Simha

Mysuru, Apr. 21 (MTY&DM)- Advocating that Mysuru city needs Greater Mysuru concept considering that the population is growing by leaps and bounds, MP Pratap Simha said it would help better and faster connectivity between all residential areas.

Pratap Simha

Addressing a press meet at Jaladarshini Guest House this morning, Simha said that 30 lakh population is one of the main criteria for monorail or metro rail project and Mysuru needs one such project in order to meet the ever increasing demand of public commute.

Pointing out that preparations are underway for bringing all local bodies under the gambit of Greater Mysuru and construction of a Peripheral Ring Road that provides better connectivity between all localities, he sought total public cooperation for Greater Mysuru concept.

Referring to the ongoing Mysuru-Bengaluru 10-Lane Highway, Simha reiterated that the Highway will be ready by Dasara this year. He revealed that the project cost rose by Rs.1,100 crore due to nine additional works for which 48 hectares of additional land was needed to be acquired from Kengeri to Mysuru (118 km).

"It will now cost over Rs. 9,000 crore as against Rs. 8,000 crore. The nine additional works are -- merging of Access-Control Highway on both Bengaluru and Mysuru side with NH-150A/ Ring Road at Manipal Hospital Junction (formerly Columbia Asia), Island rest area including helipad, entry and exit (16), bus bays with shelters along service roads, construction of 18 foot over bridges, installation of metal beam crash barrier for medians, protection works to structures and deep cutting locations and service road continuity.

On the progress of Piped Natural Gas (PNG) works, Simha said that the works are being expedited. Maintaining that the MLAs had expressed reservations about the project in the beginning, Simha said that he has successfully convinced all of them about the benefits and advantages of the project.

Noting that the MCC too is co-operating for the execution of works, he said that the PNG project will be extended to Nanjangud, Hunsur and Periyapatna as well in the coming days.

On members of the erstwhile Royal family supporting the conservation of heritage Lansdowne and Devaraja Market buildings, Simha said that the two buildings are over a century old and are dilapidated.

"I will try and talk to the royal family members and apprise them of the poor state of the buildings and the Government will be appealed to seriously consider the observations made by royal family members before taking any final decision on the demolition," he said.

II PU Exams to be held from Apr. 22 to May 18

CCTV surveillance with strict monitoring

35,141 students to appear for exams in 50 centres across Mysuru Dist.

In Mysuru, the exam will take place at 50 centres across the district, including 26 in the city alone. There are three centres each in K.R. Nagar and H.D. Kote, four each in Hunsur and Periyapatna and six in T. Narasipur. A total of 35,141 students have registered for the exam in the district including 31,241 freshers, 2,921 repeaters and 979 privately registered ones.

Bengaluru, Apr. 21 (SSM)- With the II PUC examination (2021-22) scheduled to commence from Apr. 22 across the State, Primary and Secondary Education Minister B.C. Nagesh has made it clear that it was mandatory for the students to appear for the exams in their respective uniforms. Private candidates and repeaters would be exempted from wearing uniforms.

This year, in all 6,84,255 students will be taking the II PU exams. Of them, 6,00,519 are regular students, 61,808 repeaters and 21,928 private candidates. As many as 2.3 lakh, 2.5 lakh and 2.1 lakh students have registered for arts, commerce and science streams respectively, while 2,212 specially abled children will take the exam for whom special arrangements have been made. The examination will be held at 1,070 examination centres throughout the State.

Ban orders under Section 144 of the Cr.PC will be imposed within 200 metres of all the exam centres and all photocopy shops in the vicinity of exam centres will be ordered to close down.

The examination activities will be monitored through CCTV surveillance. Meanwhile, movements at the Treasuries, where question papers are kept, will also be monitored for 24x7 at the offices of the Deputy Commissioners. Only the Chief Superintendents of examination centres will be allowed to carry a basic mobile phone without a camera while all other examination-related staff and students are barred from carrying mobile phones with them inside the examination halls. All the processes related to examination will be carried out with complete Police protection.

Free bus service

Students are provided with free KSRTC and BMTC bus facility from their residence to the examination centre. The students can show their hall tickets and use the facility.

14,600 travellers utilise Mysore Airport in March

- 100 percent occupancy in all flights
- Indigo service to Hubballi from May 3

Mysuru, Apr. 21 (RK&BCT)- After a gap of two years, the Mysore Airport at Mandakalli is seeing a flurry of activities with full occupancy in all the flights. The first and second wave of COVID-19 had dealt a severe blow to the airline operations and the future was bleak where industry experts predicted that it would take at least one year for operations to pick up.

But belying predictions, the flight sector looked up early and a large number of tourist arrival to Mysuru has substantiated the same. Tourists are landing in Mysuru in direct flights from destinations and as a result, the demand for flights to places like Goa, Hyderabad and Chennai has substantially increased.

There is a demand for additional flights as customers are preferring flights to trains and buses where journeys are tiresome and would take long hours, Airport Director R. Manjunath told *Star of Mysore*. Every day, 12 planes take off and land and talks are on with more airlines to commence operations from Mysuru, he added.

Mysuru has flight connections to Bengaluru, Chennai, Hyderabad, Kochi and Goa and the passenger footfalls have reached the pre-pandemic levels.

"March 2022 recorded 14,600 people taking flights to and fro Mysuru and April too is encouraging and all the flights to Goa, Bengaluru, Chennai and Hyderabad are seeing 100 percent occupancy. We are not worried any more about occupancy rates now unlike during initial stages. Now notably, there is 100 percent occupancy rate even if some of the routes are not subsidised under the Centre's Regional Connectivity Scheme UDAN *(Ude Deshka Aam Naagrik)*," he said.

The Airport authorities are keen on getting operators to other potential routes. "There is a huge demand for flights to Shirdi and Mangaluru and Belagavi. Also, stakeholders from the trade, industry and commerce sectors are seeking flights to Coimbatore and Pune. We are in talks with Star Airways for flights to Belagavi and Mangaluru," he added.

At present, only ATR-72 type planes can land at Mysore Airport. Additional flights, more destinations will be a reality after the present Airport runway of 1,740 metres is expanded to 2,750 metres for which the State Government has released Rs. 319.13 crore to acquire land.

From May 3, IndiGo will operate flight services to Hubballi. IndiGo will initially operate on the Mysuru-Hubballi sector thrice a week and will increase the schedule depending on the passenger response.

The flight will operate on Tuesdays, Thursdays and Saturdays. The flight will depart from Hubballi at 4.55 pm and land at Mysuru at 6.05 pm. It will depart from Mysuru at 6.25 pm and land at Hubballi at 7.40 pm.

Develop Karanji Lake to attract more tourists: Minister

Mysuru, Apr. 21 (TRR)- Minister of Forest and Food & Civil Supplies Umesh Katti has asked officials to develop Karanji Lake Nature Park to attract more tourists.

He gave this advice to Zoo Authority of Karnataka (ZAK) Chairman L.R. Mahadevaswamy after visiting the Lake on Wednesday morning. He expressed his happiness over the environment in the lake premises, after he enjoyed a ride in the boat.

He later visited Kuppanna Park and had a view of the Glass House. The Minister advised the authorities to conduct 3-4 programmes every year in addition to the present programmes during the Dasara season and give free entry to the public. Umesh Katti also visited *Shuka Vana* at Ganapathy Sachchidananda Ashrama.

L.R. Mahadevaswamy told media persons that the Minister has given some necessary suggestions and the same will be implemented.

ZAK member Jyothi Rechanna, Deputy Conservators of Forests (DCFs) Dr. V. Karikalan, and K. Kamala Karikalan, Horticulture Department Deputy Director Rudresh and others were present on the occasion.

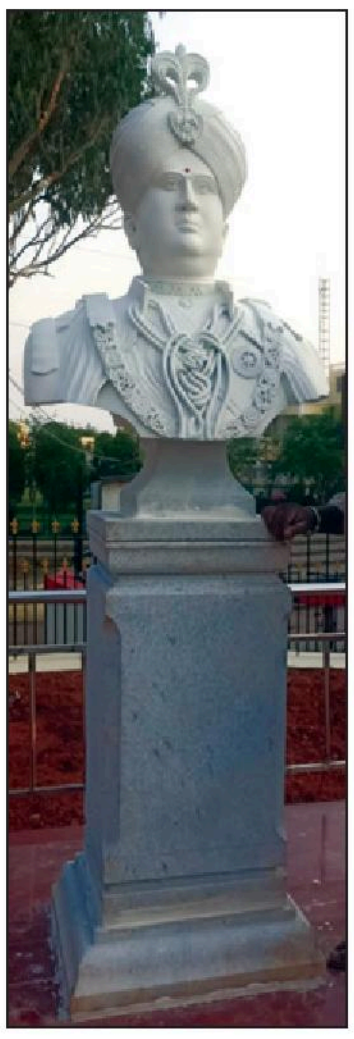
The Minister, along with officials, also visited Krishnaraja Sagar (KRS) Dam in Mandya district to get detailed information about the garden and other attractions of the garden in the wake his intention to develop the 250 acre plot in front of Ghataprabha River's Hidakal Dam into a tourist park as the area is a part of his constituency Hukkeri.

Mandya District Horticulture Department Deputy Director Manjunath, KRS Horticulture Department State Zonal Assistant Director Raghu and others were present on the occasion.

Jayachamarajendra Wadiyar's bust unveiling atop Chamundi Hill tomorrow

Mysuru, Apr. 21 (RK&DM)- Member of the erstwhile Mysore royal family Pramoda Devi Wadiyar, titular head Yaduveer Krishnadatta Chamaraja Wadiyar and his wife Trishika Kumari Wadiyar will unveil the bust of Sri Jayachamarajendra Wadiyar atop Chamundi Hill at 9.30 am tomorrow.

Chamundi Hill Gram Panchayat President Bharath Kalaiah told *Star of Mysore* that Jayachamarajendra Wadiyar's bust will be unveiled by Pramoda Devi Wadiyar at 9.30 am tomorrow. MP Pratap Simha, MLA G.T. Devegowda, Temple Executive Officer Yathiraj Sampathkumaran, Chamundeshwari Temple Chief Priest Dr. N. Shashishekar Dikshit and others will be present. As part of the inauguration, Vidwan Krishnamurthy and team will present a Nadaswara music recital, he said adding that the bust has been installed in the park located opposite the Chamundi Hill Police Outpost and Gram Panchayat Office.



Recalling the contribution made by Jayachamarajendra Wadiyar (1918-1974) for the overall development of the Hill and making it an international tourist attraction, Bharath said that Chamundi Hill villagers and members of the public have voluntarily contributed funds for the installation of the bust, out of great respect for the erstwhile Mysore Kings.

Stating that the granite bust has been sculpted by Mysuru-based sculptor Surya Prakash, brother of noted sculptor Arun Yogiraj, who is credited for the splendid sculpture of Adi Shankaracharya installed in Kedarnath, he said that the total height of the bust is six-and-a-half feet, with the bust measuring a height of 3.5 ft. and the pedestal 3 ft. Pointing out that the total cost of the bust including the installation cost is Rs. 8 lakh, he said that the cost includes the actual cost of the granite, construction of pedestal and steps, development of garden, installation of grills etc., he added.

WORD OF THE DAY

Convoluted

Pronunciation: KAHN-vuh-loo-tud.
Meaning: Convoluted means "very complicated and difficult to understand." It is a synonym of involved and intricate.
Origin: Convoluted comes from Latin convolvere, meaning "to roll up, coil, or twist." It is related to the verb convolute, meaning "to twist or coil." Once something is twisted it can be literally and figuratively difficult to unravel, and can be convoluted.
Example: "It has been a long and convoluted journey without a road map to follow, but ... the Fort Smith Antique Automobile Club will finally make its victory lap at the Fort Smith Museum of History. The car show ... marks the official opening of '60 Years On the Road,' an exhibition...." — Becca Martin-Brown

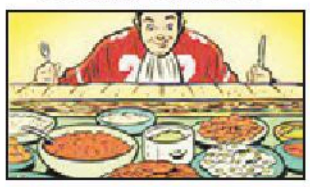
THE ODD WORD

Cadilesker

Chief judge in the Turkish empire.

PHRASE OF THE DAY

Chow down



Meaning: When you use the term 'Chow Down' you mean to sit down to eat.
Origin: The origin of the expression 'chow down' comes from the U.S. military, with first usage occurring sometime around WWII. The earliest printed use comes from a December 1942 issue of The Hammond Times in a story about sailors' life on a submarine: "'Chow down, sir,' a Negro mess attendant in a white coat informed. Served on navy blue and white china we put away steak, potatoes, peas, and ice cream."
Example: "Dinner's ready; let's chow down!"

QUOTE BOX

Courage is what it takes to stand up and speak; courage is also what it takes to sit down and listen. **—Winston Churchill**

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
